

Nursery Rainbows - Meet the Teacher

Dear Rainbow Parents/Carers,

Topics

Our topics for the year are as follows

Autumn 1-Something Special

Autumn 2-Festivals and Celebrations

Spring 1- Ice and Sparkle

Spring 2- Going Places

Summer 1-All Creatures Great and Small

Summer 2-We're All going on a Summer Holiday

Explorer's Day

Every Wednesday we will be exploring our outside environment. Please ensure your children are dressed appropriately for staying outside whatever the weather. Ideally if you are able to purchase a puddle suit or waterproof trousers that would be helpful. Wellies we will keep at school and teach the children to change into them when we go outside.

Birthday Celebrations

Please do not send in sweets and cakes for Birthday celebrations as this can cause some children with specific dietary needs and allergies to feel excluded. We are also committed to reducing sugar intake and promoting healthy eating through our healthy schools initiative. If you wish to celebrate your child's birthday by donating a book, your child can share their book at story time on their birthday and then keep it in the class book box. A special book plate with their name will be stuck on the inside cover to mark the occasion.

Home Learning

In Nursery we do not set home learning. Please encourage your child to develop an awareness of shape and number. Enjoy sharing stories and discussing them together and continue to develop your child's use of language.

Fruit and milk

We will provide milk and offer it to children. If you do not wish your child to have milk for any reason please notify the school office. As you are aware we are currently not receiving fruit for nursery and have been asking you to provide a fruit snack for your child. Please name this and put it in the basket provided. We hope this is a temporary situation and will keep you updated when this changes.

Many thanks.

The Nursery Team

Mrs Butt, Mrs Watson, Mrs Hibberd, Mrs Bates & Mrs May
